

Perion

Q1 / 2022

Presentation

April 28th , 2022

FORWARD LOOKING STATEMENTS

This presentation and our remarks contain forward-looking statements (within the meaning of The Private Securities Litigation Reform Act of 1995) that involve substantial risks and uncertainties, including statements regarding our expectations and beliefs about our business, strategy, and future operating performance. The words "will", "believe," "expect," "intend," "plan," "should" and similar expressions are intended to identify forward-looking statements. Such statements reflect our current views, assumptions and expectations with respect to future events and are subject to risks and uncertainties. Many factors could cause our actual results, performance or achievements to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements, or financial information, including, among others, the failure to realize the anticipated benefits of companies and businesses we acquired and may acquire in the future, risks entailed in integrating the companies and businesses we acquire, including employee retention and customer acceptance, the risk that such transactions will divert management and other resources from the ongoing operations of the business or otherwise disrupt the conduct of those businesses, potential litigation associated with such transactions, the impact that COVID-19 will have on our operations going forward due to uncertainties that will be dictated by the length of time that the pandemic and related disruptions continue, the impact of governmental regulations that might be imposed in response to the pandemic and overall changes in consumer behavior and general risks associated with our business including intense and frequent changes in the markets in which our business operates and in general economic and business conditions, loss of key customers, unpredictable sales cycles, competitive pressures, market acceptance of new products, inability to meet efficiency and cost reduction objectives, changes in business strategy and various other factors, whether referenced or not referenced in this presentation. Various other risks and uncertainties may affect our results of operations, as described in our reports filed with the Securities and Exchange Commission from time to time, including our annual report on Form 20-F for the year ended December 31, 2021. Although we may elect to update forward-looking statements in the future, we disclaim any obligation to do so, even if our assumptions and projections change, except where applicable law may otherwise require us to do so. These forward-looking statements should not be relied upon as representing our views as of any date subsequent to the date of this presentation.

Perion Network Ltd. (the "Company") has an effective shelf registration statement (including a prospectus) on file with the SEC. This announcement does not constitute an offer to sell, or the solicitation of an offer to buy, any of the Company's securities. Any offering of securities will be made only by means of a prospectus supplement, which will be filed with the SEC. In the event that the Company conducts an offering, you may obtain a copy of the prospectus supplement and accompanying prospectus for the offering for free by visiting EDGAR on the SEC website at www.sec.gov. Alternatively, the Company will arrange to send such information if you request it.

CAUTION CONCERNING NON-GAAP FINANCIAL INFORMATION

This presentation and our remarks include certain non-GAAP financial measures, including adjusted-EBITDA, EBIT and P&L. These non-GAAP financial measures are not in accordance with, or an alternative for, generally accepted accounting principles and may be different from non-GAAP financial measures used by other companies. In addition, these non-GAAP financial measures are not based on any comprehensive set of accounting rules or principles. We believe that the presentation of these non-GAAP financial measures, when shown in conjunction with the corresponding GAAP measures, provide useful information to investors and management regarding financial and business trends relating to our financial condition and results of operations, as well as the net amount of cash generated by our business operations after considering capital. Additionally, we believe that non-GAAP financial measures have limitations in that they do not reflect all of the amounts associated with our results of operations as determined in accordance with GAAP and that these measures should only be used to evaluate our results of operations in conjunction with the corresponding GAAP measures. Reconciliation tables between results on a GAAP and non-GAAP are provided at the Appendix included at the end of this presentation.

Record revenue in Q1 – 2022 (\$M)

Perion is built to
capitalize on any
market changes as
advertisers shift
budgets between
different pillars of
digital advertising

Our diversification model in action

Allowing us to Focus
On High Growth
Categories

Perion continues to outperform AdTech category (\$B)

The three pillars'
strategy drives
exceptional growth
despite changes in
market dynamics

Record EBITDA margin (\$M)

AI-driven iHub drives:
scalable operational
efficiencies
Improved media margin

Connecting Perion's Assets To Our iHub

iHub Benefits

① Increased Customer value

② Reduced operational cost

③ Reduced media cost

SORT Patented Technology

“We have verified that based on click-through rates observed for Q1 2022 campaigns, SORT™ demonstrates the ability to **outperform traditional third-party** tactics and shows the largest lifts when paired with High Impact formats. SORT is a scalable, cookieless solution proven to deliver powerful results.”

Timur Yarnall,
CEO and Co-Founder of Neutronian

-  Always responds to travel ads
-  Always responds to car ads
-  Always responds to insurance ads

Live Ad Targeting

-  **unlikely** to watch video
-  **unlikely** to interact
-  **likely** to click to site

Now Advertisers Have a Choice! Scale, Privacy and yet...Better Performance
